THIS WEEK'S MANIFESTO

Immerse yourself in the world of Alexander McQueen. The brand's new London flagship has a space dedicated to exhibitions and talks.

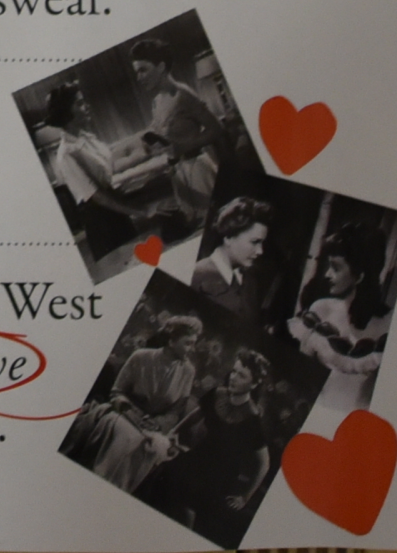

Dream of Italian summers. Daniel Lee's debut Bottega Veneta campaign is shot on Ischia. Fantasy island...

Keep it in the family. A new exhibition features photographs of Molly Goddard dresses taken by her mother, Sarah Edwards.

Fash up your household. Balenciaga's new Farfetch capsule includes womenswear, menswear and childrenswear.

Ditch the dress. Trousers make a modern statement after dark.

Fasten your seatbelts! As it makes its West End arrival, rewatch *All About Eve* for style as sharp as the dialogue.
