

## INSIDE OUT

Group show by artists:

Charlie Franklin · Rachel Kohn · David Marron  
Helen Owen · Nana Sachini

*“Who looks outside, dreams; who  
looks inside, awakes” Carl Jung*

GV Art presents ‘Inside Out’, a group show which uncovers the ambiguous mindscapes lurking within each of the five artists work. The exhibition stems from the desire to explore the indescribable sensations of a fragmented internal world. Snatches of memory and perception, whether visual, tactile, or emotional are vigorously explored and exposed here. The use of obsessive materiality is a key element in each of the artists work. This is demonstrated through the way in which the group respond to their chosen medium whether it be sculpture, installation, painting or filmed performance.
